La Metelli nasce il 1° Agosto 1962 quale officina per lavorazioni meccaniche. Nel 1970 prende avvio la produzione delle parti motore e già nel 1975 inizia la fabbricazione delle parti freno e frizione idrauliche. Un ulteriore impulso all'espansione giunge nel 1991 con l'installazione della linea per la produzione dei giunti omocinetici a cui si aggiungono i semiassi nel 1999. Nel luglio del 2001 la Metelli S.p.A. acquista il 100% della società GRAF S.p.A., produttrice di pompe acqua e dischi freno. Nel 2008 vengono introdotte le pastiglie freno e nel 2010 le ganasce freno a completamento della gamma frenante. Nel 2012 vengono lanciati il Kit distribuzione con pompa acqua e il kit cuffia. A fine 2014 il gruppo Metelli acquisisce le società Fri.Tech. e Trusting, aziende italiane produttrici di pastiglie e ganasce freno.

Metelli was established on 1st August 1962 as a mechanical engineering workshop. In 1970, the company started producing engine parts and, in 1975, began manufacturing hydraulic brake and clutch parts. A further boost to expansion came in 1991 with the installation of the line for the production of constant velocity joints, later expanded in 1999 to include driveshafts. In July 2001, Metelli Co. acquired 100% of GRAF Co., a leading manufacturer of water pumps and brake discs. In order to complete the brake parts range Metelli introduced brake pads in 2008 and brake shoes in 2010. In 2012 Metelli introduced the timing belt Kit with water pump and boot kit. At the end of 2014, Metelli Group acquires Fri.Tech. and Trusting companies, Italian manufacturers of brake pads and brake shoes

La société Metelli a été créée le 1er août 1962 comme atelier d'usinage. En 1970, l'entreprise a démarré la production de composants pour l'industrie des moteurs et a lancé en 1975 la fabrication de pièces de freinage et d'embrayage hydrauliques. En 1991, dans le cadre de sa politique d'expansion, la société a installé une nouvelle ligne pour la production de joints homocinétiques, à laquelle s'est ajoutée en 1999 celle des transmissions. En juillet 2001, Metelli S.p.A. a racheté la totalité de la société GRAF S.p.A., producteur leader de pompes à eau et de disques de frein. En 2008 nous avons introduits dans notre gamme les Plaquettes de Freins et en 2010 les Machoires de Frein à complètement de notre programme de freinage. En 2012 nous avons introduits les kit distribution avec pompe à eau et les kit de soufflet de transmission. Fin 2014 Metelli Group reprend les sociétés Fri.Tech. et Trusting qui sont des sociétés italiennes qui fabriquent plaquettes de frein et mâchoires de frein.

Die Firma Metelli wurde am 1. August 1962 als mechanische Werkstätte gegründet. 1970 beginnt die Produktion von Motorteilen und bereits 1975 die Fertigung von hydraulischen Bremsenteilen und Kupplungsteilen. Einen weiteren Impuls zur Expansion erhält die Firma im 1991 durch die neue Produktionslinie Radgelenke und im Jahre im 1999 kommen dann Antriebswellen hinzu. Im Juli 2001 aquiriert die Metelli S.p.A. zu 100% die Gesellschaft GRAF S.p.A. auf, eine leitende Herstellerfirma von Wasserpumpen und Bremsscheiben. Im 2008 haben wir Bremsbelaege und im 2010 Bremsbacken in unserem Produktpalette eingefuehrt um unser Bremshydraulkprogramm zu vollstaendingen. Im Jahr 2012 hat Metelli Zusaetzlich Spannrollen Kit mit Wasserpumpe und Faltenbalg-Satz im Programm vorgestellt. Am Ende 2014 hat die Firma Metelli zwei italienische Firmen erworben: Die Firma Fri.Tech. Hersteller von Bremsbelaege und die Firma Trusting Hersteller von Bremsbacken.

La firma Metelli nace el 1 de Agosto de 1962 como taller para mecanizaciones. En 1970 comienza la realización de piezas para motores y ya en 1975 inicia la fabricación de piezas para frenos y embragues hidráulicos. Un mayor impulso a la expansión llega en 1991 con la instalación de una línea para la producción de juntas homocinéticas a las que se añadirán los semiejes en 1999. En el mes de Julio de 2001 Metelli S.p.A. adquiere el 100% de la firma GRAF S.p.A., fabricante líder de bombas de agua y discos de freno. En 2008 se introduce la gama de pastillas de freno y en 2010 la de zapatas de freno para completar la gama de frenos. Los kit distribución con bomba de agua y los fuelle se introdujeron en 2012. En el año 2014 el Grupo Metelli adquirió las empresas Fri.Tech. y Trusting, empresas italianas productoras de pastillas y zapatas de freno.

HOW TO ORDER NEW BRAKE PADS CONFIGURATION

Explanation notes

Many items of **wear indicators** that were previously available together with the brake pads, identified by a "K" version - , **will be now available only separately** in a plastic bag, with a label that indicates reference, applications, barcode and quantity.

Therefore, in order to proceed with the order of new configuration consider the example as follows:

OLD CONFIGURATION			NEW CONFIGURATION				
Old Code	Example of Quantity	=	Standards Pads	Q.ty Brake Pads to order	Wear Indicator Code	Wear Indicator Q.ty	Q.ty Wear Indicator to order
822-310-1K	6	=	822-310-1	6	SU.129	2	12
822-342-0K	4	=	822-342-0	4	SU.129	2	8
822-344-0K	6	=	822-344-0	6	SU.129	1	6
822-563-0K	2	=	822-563-0	2	SU.129	2	4
822-567-0K	1	=	822-567-0	1	SU.129	1	1
822-568-0K	4	=	822-568-0	4	SU.129	1	4

In the next pages, you find the complete list.

COME ORDINARE LA NUOVA CONFIGURAZIONE DELLE PASTIGLIE FRENO

Note esplicative

La maggior parte degli **indicatori di usura** che erano precedentemente disponibili insieme alle pastiglie freno identificate con la lettera "K" - , **saranno ora disponibili solo separatamente**, in un sacchetto di plastica, identificato con un'etichetta indicante il riferimento, le applicazioni, il codice a barre e la quantità.

Per procedere quindi con gli ordini nella nuova configurazione considerare l'esempio come segue:

VECCHIA CONFIGURAZIONE			NUOVA CONFIGURAZIONE				
Vecchio Codice	Esempio di quantità	=	Versione standard pastiglia codice	Q.tà Pastiglie freno da ordinare	Segnalatori d'usura Codice	Segnalatori d'usura Q.tà	Q.tà Segnalatori d'usura da ordinare
822-310-1K	6	=	822-310-1	6	SU.129	2	12
822-342-0K	4	=	822-342-0	4	SU.129	2	8
822-344-0K	6	=	822-344-0	6	SU.129	1	6
822-563-0K	2	=	822-563-0	2	SU.129	2	4
822-567-0K	1	=	822-567-0	1	SU.129	1	1
822-568-0K	4	=	822-568-0	4	SU.129	1	4

Nelle pagine successive trovate la lista completa

CROSS REFERENCES LIST

Table with 10 columns: Adaptable for OE, CIFAM ref., Adaptable for OE, CIFAM ref. Rows include various alphanumeric codes and reference numbers.

CROSS REFERENCES LIST

Table with 10 columns: Adaptable for OE, CIFAM ref., Adaptable for OE, CIFAM ref. The table lists cross-references for various OE and CIFAM numbers, including a section for REMSA.

CROSS REFERENCES LIST

Adaptable for OE	CIFAM ref.

CROSS REFERENCES LIST

Table with 10 columns: Adaptable for OE, CIFAM ref., Adaptable for OE, CIFAM ref. The table lists cross-references for various OE and CIFAM codes, with a 'TEXTAR' header row.

CROSS REFERENCES LIST

Table with 10 columns: Adaptable for OE, CIFAM ref., Adaptable for OE, CIFAM ref. The table lists various part numbers and their corresponding references, such as 2456102 mapping to 822-920-0.
