HC-CARGO LED MICRO-BAR 171854

This amber HC-CARGO LED Micro-bar is most likely the lowest profile mini light bar on the market. The compact size allows easy handling and storage in all kind of vehicles. The Micro-bar is applicable for both 12V and 24V usage and thus makes it a multi product that can be used in the ordinary passenger car and the commercial vehicle. The Micro-bar is as standard fitted with magnetic mounting and a 300 cm cord with dual button cigar plug and is therefore easily moved from one vehicle to another. It provides superior 360° visibility that exceeds SAE Class 1 and ECE R 65.

DIMENSIONS

For permanent mounting a four bolt mounting kit is available.

Mounting Bracket for LED Micro Bar
HC-CARGO 171855
