2017**

2 pm - 4 pm

**Master class on business
internationalization skills**

4 pm - 5 pm

Open networking session

Empretec Global Summit IV

Are you an established entrepreneur interested in internationalizing your business, creating cross-border B2B links and identifying potential funding sources?

Join the Empretec Global Summit (EGS IV) organized by the United Nations Conference on Trade and Development. This year the Summit will offer a masterclass on facilitation of business networking skills to help participants to access international markets and create cross-border ventures. The master class will take place from 2 pm to 4 pm. The places are limited and priority will be given to the graduates of the Empretec Programme and entrepreneurs with good cases on internationalization of their companies.

Not an Empretec graduate yet and would like to know more about the programme?

Then join an open session of the EGS IV which will take place from 4 pm to 5 pm and start immediately after the master class. You will discover our global Empretec community, learn extraordinary success stories of its members and find the next Empretec training opportunity nearest to you!

What?

Empretec Global Summit IV

The EGS IV takes place within the Global Entrepreneurship Congress (GEC), where over 7,000 people from 150 countries from around the world gather to facilitate the role of entrepreneurship in driving social growth.

RSVP:

To secure your participation, please register no later than **20th of February 2017.**

1. Register at the GEC2017: <http://gec.co/attendee/register>.
2. Register to EGS IV: <http://gec.co/empretec-summit-iv>.
3. Once you complete both registrations, you will receive a profile assessment template to be filled in and sent to empretec.summit@unctad.org.
4. Confirmation of your participation will be sent to you by email.
