profile LED SHELF MULTI

- can be used as the shelf or cables hiding cover
- shining decorative and uniform light
- accessories for cables hiding click-on cover profile

- anodized aluminium

standard lengths: 500, 1000, 2000mm;
not standard length - surcharge for quantities below 20pcs
max. length 4000mm; length above 2000mm - own collection

applications

1. shelf
2. profile with glass
3. floor profile
4. undercabinet profile
5. office profile
6. extension lead

**profile LED GROOVE**

The profile can be installed in the surface, furniture or tiles, in the wall or ceiling; mounted directly or by a mounting plate.

- **Material:** Anodized aluminum
- **Cover Options:**
  - SU/GR/CO
  - White / Frosted / Transparent
- **Beam Angles:**
  - 500mm
  - 1000mm
  - 2000mm
  - 60°

**optional mounting:**
- Flexible mounting plate
- Connector

**example applications:**
- Cabinet lighting with RGB LED strip
- Cabinet lighting with cool white LED strip

---

**profile LED CORNER**

Corner 30° or 60°, can be used as a lighting inside cabinets and cupboards; mounted directly or by mounting plate.

- **Material:** Anodized aluminum
- **Cover Options:**
  - SU/GR/CO
  - White / Frosted / Transparent
- **Beam Angles:**
  - 500mm
  - 1000mm
  - 2000mm
  - 60°

**optional mounting:**
- Flexible mounting plate
- Connector

**example applications:**
- Cabinet lighting with cool white LED and lens cover SU/GR/CO
- Corner cabinet lighting with cool white LED strip

---

[Cover options for both profiles are listed, including SU/GR/CO, white, frosted, transparent, and 500mm, 1000mm, 2000mm, 60° beam angles.]

---

[More detailed specifications and applications are mentioned on pages 21-23.]
profile LED SURFACE

Can be used as lighting under cupboards, inside cabinets and cupboards; mounted on a flat surface directly or by mounting plate (2-4pcs/1m)

anodised aluminium

Standard lengths: 500, 1000, 2000mm; not standard length - surcharge for quantities below 20pcs
Max. length 4000mm; length above 2000mm - own collection

Optional mounting:

- Flexible mounting plate SU/GR/CO /set = 2pcs/76260000

Example applications:

- Bookcase lighting with different covers LED strips
- Lighting under table top /ART-CON/
- Banquet full lighting /ECOTECHNOLOGIES/

profile LED FIX

For stiffing a LED strip or as a supplement of the profiles LED Surface, Corner, Groove

Raw aluminium

Standard lengths: 500, 1000, 2000mm; not standard length - surcharge for quantities below 20pcs
Max. length 4000mm; length above 2000mm - own collection

Example application:

- LED strip + cable + power supply ----> pages 21 - 23
**profile LED MIKRO-LINE LINIA**

The profile gives the effect of lighting lines; various mounting possibilities: flat, back, side; standard lengths profile i kloszy: 500, 1000, 2000mm; not standard length - surcharge for quantities below 20pcs max. length 4000mm; length above 2000mm - own collection

aluminium (optionally painted)

example applications

- LED strip + cable + power supply ---> pages 21 - 23
- lighting of cabinet back wall /MATKOWSKI/
- lighting of cabinet back wall /MATKOWSKI/
- lighting of cabinet back wall /MATKOWSKI/

---

**example applications**

- MIKRO-LINE LINIA with different colours of LED strips
- lines mounted on the wall with different colours of LED strips
- example profile with cool white LED strip
- lighting of cabinet back wall /MATKOWSKI/
- lighting of cabinet back wall /MATKOWSKI/
- lighting of cabinet back wall /MATKOWSKI/
profile LED MIKRO

for lighting a glass (thickness 6mm)

anodized aluminium (glossy)

standard lengths: 500, 1000, 2000mm;
not standard length - surcharge for quantities below 20pcs
max. length 4000mm; length above 2000mm - own collection

example applications

- example piece ready for mounting and connection
- backlight of graphics on the glass top
- glass lighting with blue LED strip

profile LED MIKRO-LINE

for lighting a glass (thickness 5-9mm)

raw aluminium (optional painting) or anodized aluminium

standard lengths: 500, 1000, 2000mm;
not standard length - surcharge for quantities below 20pcs
max. length 4000mm; length above 2000mm - own collection

example applications

- backlight of advertising plate with RGB LED strip
- backlight of small desk plates with names
- backlight of the glass with cool white LED strip

LED strip + cable
+ power supply
--- pages 21 - 23
**COMPONENTS**

**LED power supplies**

- **LED power supply 6W**
  - Pri: 220-240V~50/60Hz
  - Sec: 12V DC eff, 700mA
  - max load 6W
  - short circuit protection
  - KPB-6F

- **LED power supply 10W**
  - Pri: 220-240V~50/60Hz
  - Sec: 12V DC eff, 800mA
  - max load 10W
  - short circuit protection
  - KLP-101BV

- **LED power supply 25W**
  - Pri: 220-240V~50/60Hz
  - Sec: 12V DC eff, 2A
  - max load 25W
  - short circuit protection
  - KLP-251BV

- **LED power supply 50W**
  - Pri: 220-240V~50/60Hz
  - Sec: 12V DC eff, 4.16A
  - max load 50W
  - short circuit protection
  - KLP-501BV
