# Life Style, Lovely Design.

## Design da amare, dal 1957.

Una grande anima produttiva e una cura del dettaglio ereditata da una grande tradizione fanno di SCAB Design un simbolo del **Made in Italy**. Oggetti straordinari, che prendono forma dai principi di bellezza e funzionalità. Una ricerca senza fine verso la perfezione della materia, sfociata nel riconoscimento esclusivo da parte di Bayer MaterialScience. Qualità e stile per l'home design e per il settore contract. Un tocco unico, per trasformare l'**ideale** in **materiale**.

## Design to love, since 1957.

*A great capacity of creation and attention to detail inherited from a long tradition make SCAB Design a symbol of Italian production. Extraordinary objects, which take shape from the principles of beauty and functionality. Infinite research for the perfection of matter, which has resulted in exclusive recognition by Bayer MaterialScience. Quality and style for home design and for the contract sector. A unique touch, to transform **the ideal** into the **material**.*

## SCAB/ReCycle

### Progettazione è anche disegnare un futuro ecosostenibile.

Le produzioni SCAB Design sono perfettamente riciclabili, perché i singoli componenti che le costituiscono sono rapidamente differenziabili. Ogni elemento plastico riporta il marchio d'identificazione secondo la normativa ISO 11469:2001, e fornisce facili indicazioni per il riciclaggio. **Tutta la produzione SCAB è realizzata con materiali riciclabili al 100%.**

### Planning also means designing an eco-sustainable future.

*SCAB Design products are perfectly recyclable because their individual components can quickly be sorted for disposal. Every plastic element has the identification mark according to ISO 11469:2001, and provides easy directions for recycling.*

**All the SCAB production is made with 100% recyclable materials.**

Tutti i prodotti SCAB in polycarbonato sono realizzati con Makrolon® di Bayer MaterialScience

*All polycarbonate SCAB products are manufactured with Makrolon® by Bayer MaterialScience*

basamenti metropolis

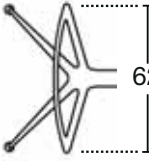

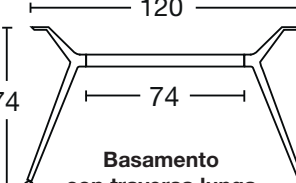

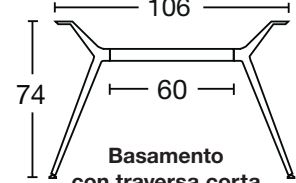

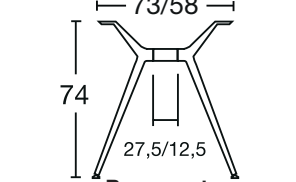

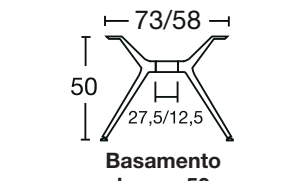

I nuovi tavoli pensati per vivere nella delizia della convivialità. All'insegna di uno stile libero, facile e senza tempo anche in versione outdoor. Con le versioni Natural il Centro Stile Scab ha ripensato il concetto di design, adagiando le linee proposte dagli architetti in prodotti nuovi, ma dall'anima antica: quella del legno.

La nuova moda si riprende l'essenza del design. È un percorso naturale.

The new tables are thought for living with delight and conviviality. Under banner of a free, easy and timeless style also for outdoor use. With the Natural versions the Scab Design Style Centre has re-interpreted the concept of design, transferring the lines suggested by the architects into new products, but with an ancient soul, that of wood.

New fashion recovers the essence of design. It is a natural route.

L'estendibilità del piano è immediata e si compie senza sforzi, regalando tanto spazio in più in poche semplici mosse, permettendo di sistemare comodamente gli ospiti senza fastidiosi impicci per le gambe.

La superficie in vetro è piacevole alla vista ma anche al tatto, e le gambe in acciaio danno solidità senza inutili ingombri.

*The table top can be extended immediately and effortlessly, for a lot more space in a few simple movements, which allow optimizing the space under the table top in the best way so that guests can sit comfortably without annoying obstacles for their legs.*

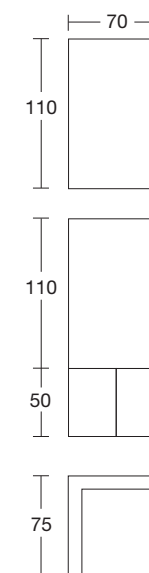

*The glass surface is pleasant to look at but also to the touch and the steel legs give solidity without unnecessary impediment.*

**MANUTENZIONE:**  
 Pulire con panno morbido per evitare graffiature, asciutto o leggermente inumidito con sapone liquido neutro diluito in acqua.  
 Non impiegare prodotti abrasivi o aggressivi (ammoniaca, candeggina o detergenti contenenti acidi) e risciacquare sempre bene la superficie.  
 Asciugare immediatamente dopo la pulizia o nel caso si rovesciassero dei liquidi.  
 Il laminato teme l'umidità.

**MAINTENANCE:**  
For cleaning use a liquid neutral soap diluted in water.  
Clean with a soft damp cloth to prevent scratches.  
Do not use abrasive or aggressive products (ammonia, bleach or cleaning products containing acid).  
Dry the table top after cleaning or in case of dropping liquids.  
The compact laminate top does not stand the humidity.
