Grip Chart

The Grip is Your
Connection

BASIC GRIPS

NXS™ PRIME
1.80 mm PC-3250

The ultimate Premium Replacement Grip providing superb moisture absorption and excellent damping comfort. Designed in classy fashion reflecting the highest standards of PACIFIC's NXS Concept.

SUPREME GRIP™
1.80 mm PC-3210

Ultimate moisture absorption with fast drying thanks to the perforated design and quality PU materials used. Supreme Grip is generously long in length to fit any racket and with an extra 'tacky' feel, assures long-life and top performance.

MASTERS GRIP™ CLASSIC
1.80 mm PC-3220

An excellent 'tacky' feel with added shock & vibration dampening features. This non-perforated grip focuses on comfort and greater durability. The premium of replacement grips. Featured on the X Force racket line.

HIGH PERFORMANCE SERIES

SUPREME GRIP™ PURE
1.80 mm PC-3250

A non-perforated version of the extremely popular Supreme Grip. Featuring the same "tacky" feel & performance, with added durability.

SUPREME GRIP™ PRO
1.80 mm PC-3200

The outer-stitched 'contour' of the Supreme Grip PRO creates an excellent feel on the racket handle. Perforated for better moisture absorption and faster drying, making this the perfect grip for those who prefer a 'contoured' grip feel.

HIGH PERFORMANCE TOURNAMENT SERIES

X DUO™ COMFORT
2.10 mm PC-3245

A new technically superior foam material that is exclusively manufactured with "Capillary Cell Construction" (CCC), is strategically designed like a sponge. The top of the grip is a top-grade PU covering that remains 'tacky' and with a consistent feel. The base-foam material 'wicks' away and absorbs the moisture - together these 2-new materials work efficiently as a DUO.

PREMIUM PERFORMANCE TOURNAMENT SERIES

POWER TACK™
1.80 mm PC-3230

Special surface treatment provides extreme tack and grip. Excellent vibration and shock absorption. Extra durability and optimum control are the benefits of this quality grip.

TOUR PROFESSIONAL SERIES

SMASH GRIP™
1.50 mm PC-3265

Optimum grip feel and control. Good shock and sweat absorption. A favorite of squash players.

TOURNAMENT SERIES

BASIC GRIPS

Often called "Replacement or, Main Grips" they are the direct connection between you and the racket handle. Responsible for moisture absorption, as well as shock/vibration reduction, the proper selection and care of this grip equals the importance of proper strings.

RACKET PERFORMANCE BEGINS WITH THE CONNECTION TO THE RACKET.

With 40+ years of experience, PACIFIC continues to lead the way in racket sport grips. Innovative, quality, and with the most diverse selection available, makes it the logical choice for any player. From a wide selection of main (base) grips, to the numerous offerings of (over) grips. PACIFIC has the perfect grip for you!

EVERYTHING BEGINS WITH THE CONNECTION TO THE RACKET.

DESIGNED FOR YOUR SUCCESS

OVER GRIPS

NXS™ PRO
0.45 mm PC-3500

A best-quality Overgrip underlining PACIFIC's philosophy of premium performance products, also in design. The NXS Overgrip provides best tackiness and grip comfort, longevity & best sweat absorption.

X TACK™ PRO
0.55 mm PC-3575

An even tackier and a better-lasting version of the legendary & award winning X TACK overgrip. Available in exciting colors to enhance your racket and show others you've got game!

X TACK™ PRO PERFO
0.55 mm PC-3580

A perforated version of the established X Tack Pro with a better perspiration absorption, providing tackiness like no other perforated overgrip.

TOUR PROFESSIONAL SERIES

X TACK DRY™
0.55 mm PC-3540

Developed on the award-winning X Tack PRO overgrip - X Tack PRO 'Dry' delivers the same legendary performance features - now, focused on the player preferring a 'dry' to the hand feel. Maximum moisture management is achieved with added durability.

XTR GRIP™
0.55 mm PC-3550

Not all players prefer an extra tacky feel. For those that seek that special 'velvety feel' along with delivering superb moisture absorption, XTR Grip is favored. A special surface treatment provides added wear and a faster drying ability.

TOUR PROFESSIONAL SERIES

GRIP-A-ROUND™
0.45 mm PC-3530

For those demanding ultra-thin performance with an extremely 'tacky' surface, Grip-A-Round overgrip is a clear winner. The added exclusive 'Capillary System' acts just like the pores of your skin to quickly 'wick-away' perspiration.

LE GRIP™ THE ORIGINAL
0.50 mm PC-3625

The original PACIFIC over grip. Extra thin with a proven 'Capillary System' for better perspiration absorption. Positive grip with good durability. Providing a firm and dry grip for any player.

HIGH PERFORMANCE TOURNAMENT SERIES

SOFTY GRIP™
0.80 mm PC-3780

A totally unique & extra soft over grip. Designed to be slightly thicker and topped with a very soft layer next to the hand. Exceptional perspiration absorption with added durability.

OVER TACK™
0.50 mm PC-3640

Thin with extra tackiness. Sweat absorption and durability are superb.

TOURNAMENT SERIES

OVER GRIPS

The most popular accessory for rackets today. With easy installation, the ability to add a new or unique feeling to any racket is quickly achieved. Durability is not the focus of an over grip - they should be replaced frequently to offer best performance.
