

FINESTRA

Komplot Design, Denmark

FINESTRA is a multi-purpose chair with a moulded plywood shell in variable thickness that allows window-like cutouts in the back. The geometric clearness of FINESTRA friendly fits in any environment. The back of a chair, minimized to the simple frame, provides transparency in the room. FINESTRA has well stacking and linking features.

FINESTRA ist ein Mehrzweckstuhl mit Formsperrholzschaale in variierender Dicke, die fensterförmige Ausschnitte in der Lehne erlaubt. Die geometrische Klarheit von FINESTRA passt sich angenehm in beliebige Umgebungen ein. Die Rückenlehne, auf einen einfachen Rahmen reduziert, sorgt für Transparenz im Raum. FINESTRA ist gut stapelbar und hat eine gute Reihenverbindung.

beautiful
wooden chairs*

Komplot Design is one of the best-known Danish design studios,

a partnership of Poul Christiansen and Boris Berlin. "We believe that good design is not just a solution of the primary so called pure functional problems, but creation of the message, that fills objects and concepts with cultural, philosophic, aesthetic and poetic content," say both designers who have created graphic, industrial and furniture design for Danish and international companies like ForaForm, Gubi, HAY, Howe, Normann Copenhagen and their designs have received numerous prestigious awards.

Enlarged thickness in the curve makes FINESTRA extremely strong for use in all kind of public environments, offices, canteens, cafes, hotels etc.
