# Protection of interests in tax disputes, counseling

Representation and protection of client's interests in arbitration court - one of the major and popular areas of our work.

We offer assistance in solving all kinds of arbitration disputes of property and non-property nature.

# Accompanying the liquidation, reorganization and other procedures

Our company offers the best prices for legal services and support at the liquidation of the organization .

# Accounting services, audit of financial statements

Audit of accounting and tax reporting helps to assess the real picture of what is happening in the organization, namely:

- find profitable and loss-making activities;
- to identify violations of the current legislation;
- to avoid conflict with the tax authorities, which could potentially lead to large losses;
- assess the quality of accounting, etc.

# Protection of interests in arbitration courts

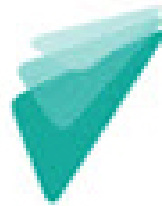

Representation of interests in the Arbitration Court - a comprehensive service, which includes the following:
