HC-CARGO FLEX*fit*

- for clear sight in any weather

HC-CARGO FLEXfit

With HC-CARGO FlexFit you will experience the new flat blade technology.

- High performance in any weather
- Robust design for longer life

Easy and secure installation

Fitting time in under 30 seconds.
Double locking safety mechanism to keep your blades secured.

Long service life

Designed to withstand high temperatures and fading in sunlight.

Clean, thorough wiping

The improved technology ensures equal pressure distribution along the entire blade for outstanding weather visibility.

Ultra smooth operation

New rubber formulation to reduce unwanted noise and promote smooth operation.

Less vibration

Symmetrical wind spoiler uses airflow to increase the blade-to-windscreen contact for maximum down-force at higher speeds.

HC-CARGO FLEXfit features

- Wide coverage 90% for European carpark
- Easy installation
- Interchangeable on OE flat blades
- Multiple connectors - also retro fit
- Available in single (blister) packs

HC-CAR GO FLEXfit		
HC-CARGO	161061	350 mm/14"
HC-CARGO	161062	380 mm/15"
HC-CARGO	161063	400 mm/16"
HC-CARGO	161064	450 mm/18"
HC-CARGO	161065	470 mm/19"
HC-CARGO	161066	500 mm/20"
HC-CARGO	161067	530 mm/21"
HC-CARGO	161068	550 mm/22"
HC-CARGO	161069	600 mm/24"
HC-CARGO	161070	650 mm/26"
HC-CARGO	161071	700 mm/28"

FLEXfit

HC-CARGO FLEXfit

Natural rubber

High quality pressed rubber blade, for longevity, superb wiping performance and ozone resistant rubber with graphite coating.

Aerodynamic spoiler

Fights blade lift-off at high speed and severe weather conditions.

Tension spring

1. Creates a perfect fit for all kinds of curved windshields
2. Consistent tension pressure
Suits for all seasons
