NARVA

the automotive lighting experts

Our customers come first

At NARVA, customer satisfaction is our number one priority. NARVA delivers high-quality automotive lighting products so that professionals can fully satisfy their customers' needs. With NARVA, garages and shops are able to deliver reliable products and quality service at an affordable price. NARVA has developed a comprehensive product portfolio in order to meet the needs of professionals all around the world. Dedicated NARVA teams and distributors are committed to serving and informing our customers worldwide. We strive to efficiently and effectively meet all customer and market demands in all areas of our business.

Our sales offices, together with a central warehouse, provide attentive customer care and an efficient delivery service.

Dedicated NARVA teams and distributors are committed to providing outstanding customer service in all areas of our business.

Caring for our customers begins with providing a **quality product** at an **affordable price**.

As today's roads become more congested, we believe it's necessary for all drivers to be able to afford a high-quality and reliable lighting solution for increased safety and visibility.

Quality lighting at an affordable price, now available to everyone.

Our affordable quality

NARVA products: consistent quality and dependable reliability

- NARVA, more than 65 years of automotive lighting experience
- Comprehensive testing throughout the entire production process
- Constant quality control of every lamp
- Compliance testing and international certification processes, including ISO/TS 16949, DIN EN ISO 14001, ECE R37, ECE R87
- Ongoing investment in product innovation and new processes

The quality of NARVA products and production processes are regularly controlled. Our products adhere to ECE* regulations and other legal requirements. (See *Which lighting solution do you need* on page 2 to discover all ECE certified lighting products.)

NARVA production, as well as marketing and logistics processes, are regularly controlled with the help of today's international ISO** engineering standards. The ECE created international guidelines for the automotive industry and its suppliers in order to reduce trade barriers and increase traffic safety. Products that do not conform to ECE regulations cannot be sold in Europe. NARVA products adhere to ECE regulations 37 and 99 that provide guidelines for filament lamps, including measurements, luminous flux and power. The ISO/TS 16949 is our proof of strong integration of safety and stability in our production, marketing and logistics.

Over 65 years of experience and know-how define all NARVA lighting solutions. NARVA performs ongoing tests on its automotive lighting products in order to enhance and assure constant quality. The adherence to all quality tests guarantees the reliability of all NARVA products.

Accredited management system
 DIN ISO/TS 16949
 DIN EN ISO 9001
 for sales and manufacturing
 DIN EN ISO 14001

12V Halogen solutions

NARVA is renowned for manufacturing quality lighting solutions that are durable, reliable and provide greater visibility and greater safety in all driving conditions.

Discover our complete range of automotive lighting, including our LED interior lighting.

■ Replacement

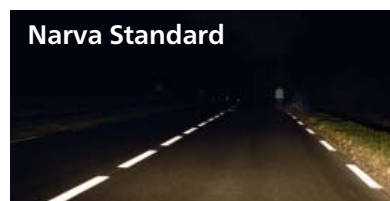

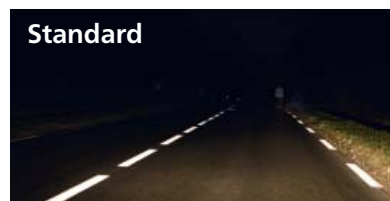

Standard

NARVA Standard represents the best value, combining reliability with economy.

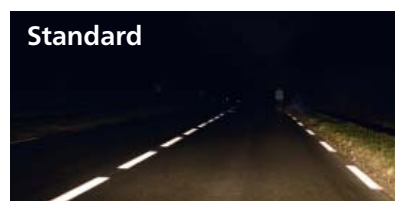

For drivers seeking the greatest price/performance ratio without sacrificing safety, NARVA Standard is the right choice.

Read more about Standard

■ Durability

Long Life

Our green range has been especially engineered for long lifetime. Lasting twice as long as standard lamps, these long-lasting lamps will not have to be replaced as often which results in less maintenance combined with a minimal impact on the environment.

Read more about Long Life

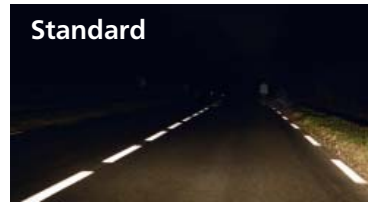

■ Better vision

Range Power 50+

Offering 50% up to 50% more vision than a standard lamp, our Range Power 50+ delivers a longer light beam for even greater brightness. It's engineered for drivers to see farther and more clearly for greater safety.

Read more about Range Power 50+

Standard

Standard

Range Power 110

Range Power 110

The new Range Power 110 delivers up to 110% more vision. The powerful light beam allows drivers to see farther. A special burner design creates a higher lumen output for increased safety and greater performance.

Read more about Range Power 110

■ Styling

Range Power Blue+

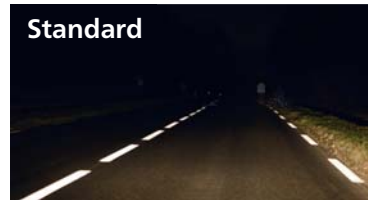

Offering up to 50% more vision and up to 30% stylish, cooler light, our Range Power Blue+ is engineered for drivers to see farther and more clearly for greater visibility and safety. The stylish blue effect will make any car stand out from the crowd.

Standard

Range Power Blue+

Standard

Range Power White

Range Power White*

NARVA Range Power White offers a bright and stylish white light. The stylish xenon effect obtained by the 4 500 K color temperature offers your car an eye-catching look close to daylight. Range Power White is the choice for those who seek to stand out from the crowd.

Read more about Range Power White

*Non-ECE-homologated. Cannot be sold or used in Europe.

12V Headlamps

The **Standard Replacement** lamp is perfect for drivers seeking to replace a burned out lamp.

For those looking for a more environmentally friendly lamp, our **Long Life** range offers double lifetime.

For demanding drivers seeking a high-performance lamp, discover our **Range Power 50+**, featuring up to 50% more vision.

The new **Range Power 110** delivers up to 110% more vision. The powerful light beam allows drivers to see farther.

NARVA **Range Power Blue+** combines a bright white light with a blue effect for stylish performance.

 LED

12V LED Interior lighting

NARVA LED interior lighting illuminates the car interior with cool white light that lets the passengers read, work or go about their activities without blinding the driver. The LED interior lamps use less energy while producing more powerful lighting. It's the long-lasting lighting choice for any interior.

LED TYPES

ECE	Ref. No	V	W	Base	Pieces/PU	Packaging
WB T10	180014000	12	0.35	W2,1x9,5d	10	B2

ECE	Ref. No	V	W	Base	Pieces/PU	Packaging
Festoon 10,5x38	180104000	12	0.35	SV8,5	10	B2

LED interior lighting is not available in all countries.

Xenon solutions

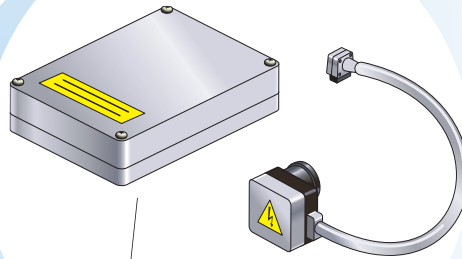

Producing a brilliant, white light and a precise beam, the NARVA xenon range offers greater visibility for greater safety. NARVA xenon technology means longer lifetime and up to 3x more vision compared to a standard halogen lamp. Featuring a special UV-blocking quartz glass, this lighting solution provides maximum safety by allowing drivers to see even farther.

UNDERSTANDING XENON LIGHTING SYSTEMS

Xenon HID

(High Intensity Discharge) lamp

Electronic ballast and high-voltage starter

Main benefits

- Brilliant and powerful light projection on the road
- Light color and intensity close to daylight
- Extra-long lifetime
- Low power consumption

Complex optical system with automatic level control and power-wash system

24V Halogen solutions Headlamps

Combining vibration resistance with high quality, our **24V Standard** and **Heavy Duty** lighting ranges are robust and dependable for today's trucks and other heavy-duty vehicles. NARVA truck headlamps feature vibration resistance and superior quality. Check out our Standard lamps or our Heavy Duty range when greater strength and durability are required.

LED inspection lamps

For more than 65 years NARVA has been delivering quality products that are reliable and dependable. Now discover our new range of Professional LED inspection lamps. Featuring powerful LEDs, these rugged work lights provide bright light where you need it most!

HIGH-QUALITY LED LIGHTS

Get the job done with quality LED light

ECE	Ref. No	V	Plug	Pieces/PU	Packaging
FLEX10 LED Lamp	900034000	3,7	EU	6	B1

Rechargeable LED tool for every day

With its multi-directional LED light and rechargeable battery convenience Narva FLEX10 provides optimal illumination to fight any shadow.

- 250 lumens for perfect work space illumination
- 100° wide beam angle
- 180° lamp flexibility thanks to bendable magnetic base
- High-capacity Li-ion battery for durable service
- Hands-free light with 360° rotation hook and magnet
- IP rating - IP20

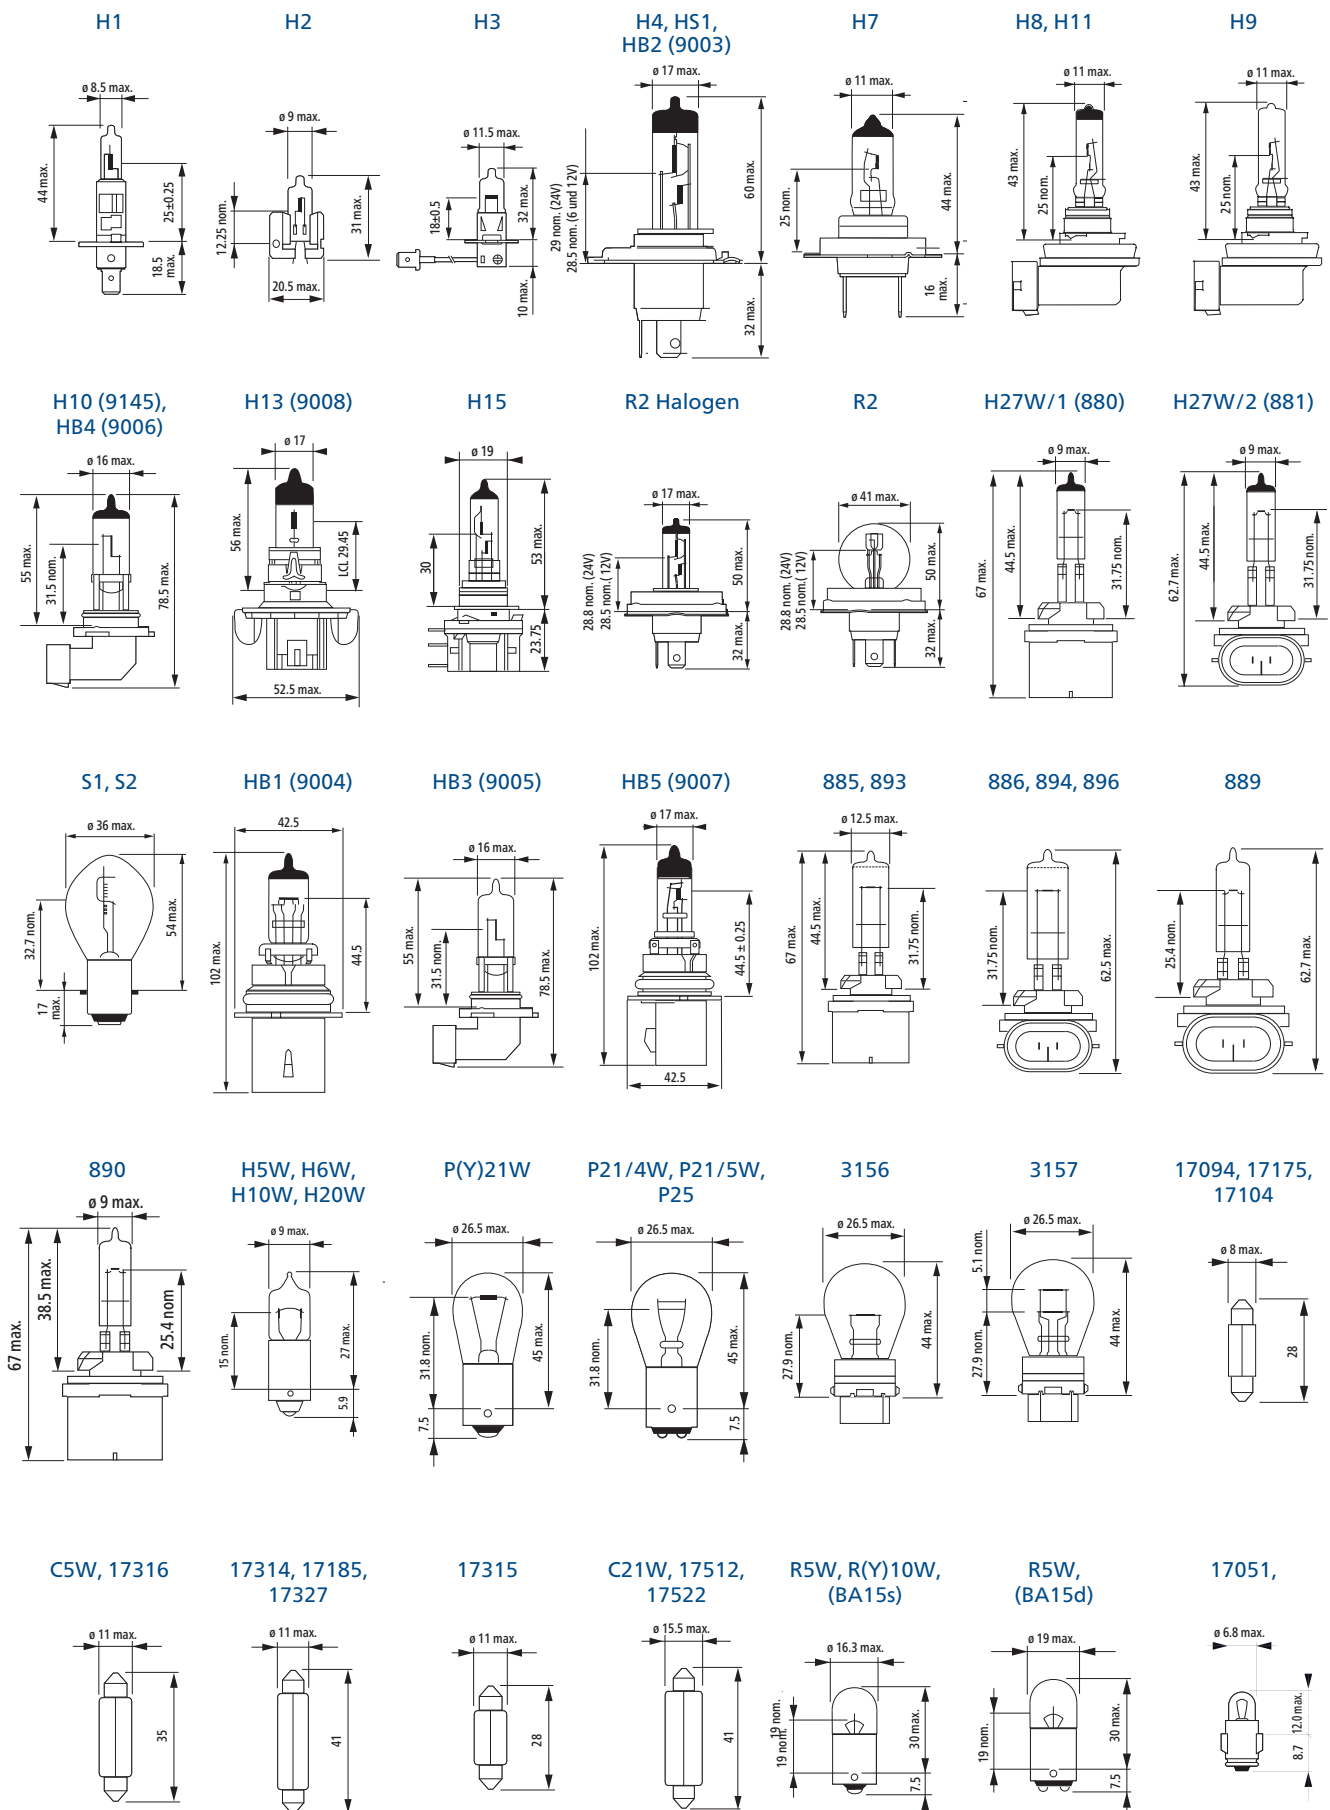

ECE	Ref. No	Pieces/PU	Packaging
SLID10 LED Lamp	900024000	6	B1

Your cordless LED tool for every day

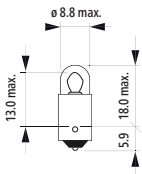

With its functional slide-out design and 2 light modes Narva SLID10 provides optimal illumination to fight any shadow.

- 200 lumens of main light for homogeneous illumination
- 80 lumens of LED spot light for dark cavities
- 120° wide beam angle
- Lamp rotation thanks to magnet and hook
- IP rating - IP20
- IK rating - IK06

Packaging

New Narva Special packaging

Our new packaging may be used for both Special double packs as well as for Spare kits. Product information is simply and clearly displayed on the back to help consumers make an informed decision.

The attractive packaging design provides a clear view of the products inside and its robust construction protects the content during shipping as well as in-store.

- Economical
- Reduces waste
- Clear information
- Robust construction
