IT

A pochi chilometri da Firenze, a Borgo San Lorenzo, si trova la Trusting, che proprio qui ha il suo principale stabilimento. La Trusting, forte della sua trentennale esperienza, è leader europeo nella produzione di Ganasce Freno, per la qualità dei suoi prodotti e per la continua ricerca di nuove soluzioni tecniche; proprio per questo, nel 1985, Trusting è stata la prima azienda europea ad eliminare l'amianto dalla propria produzione, evidenziando così anche una particolare attenzione all'ambiente.

La gamma dei prodotti Trusting, Ganasce Freno, Pastiglie Freno, Fast Kits, Dischi Freno, Idrraulica (Cilindretti Freno, Correttori di Frenata, Pompe Freno, Cilindri Frizione, Pompe Frizione) è la più ampia disponibile sul mercato europeo per le autovetture e i veicoli commerciali leggeri di produzione europea e asiatica. La maggior parte di questi è omologata TUV.

Dopo l'ottenimento della certificazione ISO9002 nel 1997, per assicurare una qualità del prodotto sempre crescente, sono stati realizzati ulteriori piani di miglioramento dei processi produttivi e di qualifica dei fornitori, il tutto incrementato dalla certificazione 9001:2008 del 2010. Un'elevata gestione informatica della produzione e del magazzino consentono consegne rapide e complete.

Alla fine del 2014, Trusting è stata acquisita da Metelli Spa, azienda leader nella produzione di Pompe Acqua, Linea Frenante, Trasmissioni e Parti Motore. Con l'ingresso in Metelli Group Trusting volta pagina ampliando la propria presenza distributiva in nuovi mercati e tipologie di clienti".

EN

The headquarter of Trusting is located in Borgo San Lorenzo, few kilometres far from Florence. Trusting with its thirty year-old experience is European leader in the Brake Parts production thanks to the quality of its products and the continuous research of new technical solutions; in fact in 1985 Trusting was the first European Company to eliminate the asbestos from its own production, showing a particular attention to the environment.

The range of Trusting products, Brake Shoes, Brake Pads, Brake Shoes Kits, Brake Discs, Hydraulic (Wheel Cylinders, Pressure Regulating Valves, Master Cylinders, Slave Cylinders, Clutch Master Cylinders) is the widest on the International Market of European and Asian cars, commercial vehicles and trucks. The greatest part of these are homologated by TUV.

After the achievement of ISO9002 Certification in 1997 many improvements have been realized on the production process and qualification of our suppliers in order to improve the quality of the product; everything was finalised by getting the 9001:2008 Certification in 2010. A qualified computerized process in the plants and warehouses allows quick and complete deliveries.

At the end of 2014, Trusting was taken over by Metelli S.p.A., a leading manufacturer in the field of Water Pumps, Brake Lines, Transmissions and Engine Parts. By joining Metelli Group, Trusting is changing direction by expanding its distribution presence in new markets for different types of customers.

FR

La maison principale de la Société Trusting se trouve à Borgo San Lorenzo, près de Florence.

Trusting, avec une expérience trentenaire est leader européen pour la production de Mâchoires de Freins, grâce à la qualité de ses produits et à la recherche continue de nouvelles solutions techniques; de fait, en 1985, Trusting a été la première usine européenne à éliminer l'amiante de sa production, si en soulignant aussi une attention spéciale pour l'environnement.

La gamme des produits Trusting, Mâchoires de Freins, Plaquettes de Freins, Kits Mâchoires de freins, Disques de Freins, Hydraulique (Cylindres de Roue, Correcteurs de Freinage, Maître-Cylindres, Récepteurs d'Embrayage, Emetteurs d'Embrayage) est la plus vaste disponible sur le marché européen pour les voitures et les véhicules commerciaux de production européenne et asiatique. La plus grande partie de lesquels est homologuée TUV.

Après avoir obtenu la certification ISO 9002 en 1997, pour assurer une qualité du produit toujours meilleure, ils ont été réalisés ultérieurs plans d'amélioration des procès productifs et de qualification des fournisseurs, tout finalisé par la certification 9001:2008 du 2010.

Une élevée gestion informatique de la production et du magasin nous permettent des livraisons rapides et complètes.

À la fin de 2014, Trusting a été acquise par Metelli Spa, entreprise leader dans la production de pompes à eau, d'une ligne de freinage, de transmissions et de pièces de moteur. Avec son entrée dans le Groupe Metelli, Trusting tourne la page et élargit sa présence distributive dans de nouveaux marchés ainsi que pour de nouveaux types de clients.

DE

Nur wenige Kilometer von Florenz entfernt, in Borgo San Lorenzo, befindet sich das Hauptwerk der Trusting.

Die Trusting mit ihrer dreißigjährigen Erfahrung ist der europäische Marktführer in der Branche der Bremsbackenproduktion; sie verdankt diese Position der Qualität ihrer Produkte und der ständigen Bemühung um neue technische Lösungen. Aus diesem Grund war die Trusting 1985 die erste Firma in Europa, die Asbest aus ihrer Produktion verbannt hat, um so auch besonderen Respekt für die Umwelt zu beweisen.

Die Firma Trusting bietet die größte Produktpalette auf dem europäischen Markt für Kraftfahrzeuge und Leichtfahrzeuge europäischer und asiatischer Produktion, bestehend aus Bremsbacken, Bremsbelägen, Kits Bremsbacken, Bremsscheiben, Hydraulik (Radbremszylinder, Hauptbremszylinder, Bremskraftregler, Kupplungsnehmer-Zylinder, Kupplungsgeber-Zylinder).

Der Großteil dieser Produkte ist TÜV-zugelassen. Nach Erhalt der ISO-9002-Zertifizierung im Jahr 1997, um eine immer noch höhere Produktqualität zu garantieren, wurden weitere Pläne zur Verbesserung der Produktionsprozesse und der Qualifikationsverfahren für Lieferanten realisiert, was 2010 in der 9001:2008-Zertifizierung gipfelte.

Eine optimale informatische Steuerung von Produktion und Lagerbeständen machen außerdem schnelle und komplette Lieferungen möglich.

Ende 2014 wurde Trusting von der Metelli Spa, einem führenden Unternehmen im Bereich Wasserpumpen, Bremsteile, Getriebeteile und Motorenteile, übernommen. Der Eintritt in die Metelli Group bedeutete für Trusting einen grundlegenden Umbruch und eine Ausdehnung der eigenen Geschäftspräsenz auf neuen Märkten und in neuen Kundensegmenten.

ES

La principal planta de producción de Trusting se encuentra en Borgo San Lorenzo, a pocos kilómetros de Florencia. Trusting, con sus 30 años de experiencia, es líder europeo en la producción de Componentes de Freno, gracias a la calidad de sus productos y al continuo estudio de nuevas soluciones técnicas; en el año 1985 Trusting ha sido la primera empresa europea en eliminar el amianto de su propia producción, así confirmando su particular atención al medio ambiente.

La gama de productos Trusting, Zapatas de Freno, Pastillas de Freno, Fast Kits, Discos de Freno, Hidráulica (Bombines Freno, Bombas de Freno, Correctores de Freno, Bombines de Embrague, Bombas de Embrague) es la más amplia disponible en el mercado europeo de automóviles y vehículos comerciales de producción europea y asiática. La mayoría de estos está homologada TUV.

Después de haber conseguido la certificación ISO9002 en el año 1997, para asegurar un crecimiento constante en la calidad del producto se han realizado unos planes de mejoras de los procesos de producción y de calificación de los proveedores, y se ha conseguido la certificación 9001:2008 en el año 2010.

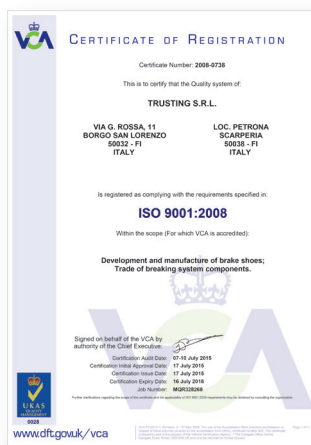

El alto nivel de gestión informática de la producción y del almacén nos permite entregas rápidas y completas.

A finales del 2014, Trusting fue adquirida por Metelli Spa, empresa líder en la fabricación de bombas de agua, línea de frenado, transmisiones y piezas de motor. Con la entrada en Metelli Group, Trusting ha pasado página, ampliando su presencia distributiva en nuevos mercados y tipos de clientes.
