

Mechanical Chassis for TOYOTA Hilux

Designed by Egor Karshiev

INTRODUCTION

Thank you for purchasing this building instructions. By buying it, you support our passion and motivation to create and share new models. Please note that this instructions is for personal use only. It is forbidden to share it freely, modify and resell. Thanks for understanding and your help.

You are about to build Mechanical Chassis for Toyota Hilux. The model was designed by [RM8 \(Egor Karshiev\)](#) with the help of [Madoca1977 \(Madoca Arai\)](#) and [NikolayFX \(Nikolay Gamurar\)](#).

Mechanical Chassis features: HOG steering, Working steering wheel, Live axle suspension, Reinforced front axle, 22R-E 2.4 L EFI engine model with working belt, Gear sticks, Armrest, Exhaust pipe, Detailed seats.

Modular assembly models are very handy when you want to improve them, fix damage, modify them. This model has an easily removable cab, truck bed, hood, bumpers. Also it can be fitted with larger 68mm wheels instead of 62mm.

Long term exposure to direct sunlight or bright spotlight may cause damage to Lego parts. Lego is not intended for outdoor play.

For sellers from AliExpress and other sites selling our models: you can sell parts for this MOC, but please don't give instructions just like that, but give a link on [Rebrickable.com](#) so people can buy it from us and support us, thanks!

The building instructions were made by NikolayFX.

Happy building!

HISTORY

Toyota Hilux 4th generation (N50, N60, N70), produced from 1983 to 1988. The pickup truck was sold under the Hilux name in most markets, but in North America the Hilux name was dropped in 1976 in favor of the Truck, Pickup Truck, or Small Truck. Hilux Dual Cab/Crew Cab/Double Cab models were not sold in the US.

Cuando el tiempo es malo, se necesita un camión resistente como el musculoso HILUX con tracción a las 4 ruedas. Accionado por diesel o gasolina, con transmisiones de 5 velocidades, caja de la transferencia de 3 velocidades, diferencial de resbalamiento limitado, cubos delanteros de giro libre y tres tipos de carrocería.

WHO COULD ASK FOR ANYTHING MORE!
Get More From Life... Buckle Up!

Limited Edition 4x2
\$6998**

Limited Edition 4x4
\$9698**

*Savings based on manufacturer's suggested retail price of individual options. Actual dealer's price may vary, but cost of vehicles to dealer has not increased due to special option packages. **Manufacturer's suggested retail price. Actual dealer price may vary. Prices exclude taxes, license, registration, destination and optional equipment.

Todo el mundo debe gozar de una zona de confort. La suya puede ser un HILUX. Hay pocos camiones contruidos para trabajar como el HILUX, que puedan enorgullecerse de tantas comodidades. La ingeniería anatómica es perfecta en los asientos del HILUX. Se sienta y se acomodan a usted... Y la linda tapicería da la sensación de un sillón de la sala que da a la calle. Completo con guarnición de la puerta y descansabrazos. Para que se sienta como en su casa.

El confort del HILUX es activo cuando está manejando también. Con el volante de dirección, grande y fácil de agarrar, colocado en el ángulo exacto. Con los instrumentos delante de usted. Con las palancas de cambio ubicadas para facilitar su accionamiento.

ALL BODIES AND CHASSIS ARE INTERCHANGEABLE
