BAUER Helmet Sizing and Certification

Fittings:

1. Open helmet to its largest setting and position on the head so that the front edge of the helmet is one finger width above the eyebrows.
2. Slide the front and back portions of the helmet together until a comfortable, snug fit is achieved.
3. Tighten the adjustment mechanism.

Players should only use CSA, HECC and CE certified helmets. These helmets have stickers affixed that indicate their compliance with the applicable standards.

BAUER Facemask Sizing

Facemask Sizing Info

The facemask should fit snugly to the chin. If it is too long, it may not remain in place during impact.

When the player's mouth is closed, the chin should fit comfortably into the chin-cup. Attach the facemask securely to a compatible, certified helmet according to the instructions provided.

BAUER recommends the use of a mouth guard, especially when using a half shield. Injuries to the face, nose, eyes, jaw and teeth may occur while wearing a half shield.

It is recommended that players wear CSA, HECC and CE certified facial protection, in particular full face protection. CSA, HECC and CE certified facial protectors are marked with stickers indicating their certification. Facial products carrying a Non-Certified designation do not meet the certification requirements of CSA, HECC and CE.

How to Measure for a Good Fit

- A** CHEST
- B** WAIST
- C** SEAT

A CHEST

Measure around the fullest part of your chest, keeping the tape firmly under your armpits and around your shoulder blades.

B WAIST

Measure around the natural waist (where your body creases leaning to the left or the right).

C SEAT

Measure around the fullest part of the seat.

- For best results, take measurements over undergarments.
- Hold tape measure firmly, not tightly.
- Keep tape measure parallel to the floor.
- Match your measurements to the above size chart. If measurements fall between sizes, go to the next size up.

How to Measure For a Good Fit

- A** CHEST
- B** WAIST
- C** SEAT

A CHEST

Measure around the fullest part of your chest, keeping the tape firmly under your armpits and around your shoulder blades.

B WAIST

Measure around the natural waist (where your body creases leaning to the left or the right).

C SEAT

Measure around the fullest part of the seat.

- For best results, take measurements over undergarments.
- Hold tape measure firmly, not tightly.
- Keep tape measure parallel to the floor.
- Match your measurements to the above size chart. If measurements fall between sizes, go to the next size up.
