Re: Clear bottles

Date: 06/29/20

Dear Customer!

By this letter I officially certify, that due to some logistic and manufacturing issues for limited period of time some of our gels as Pain Freeze, Aloe Skin Repair and some other products are represented in clear bottles instead of amber ones. Let me assure that it is a temporary measure to avoid complete discontinue of production.

Best regards,

General Manager for Corona Colors Inc.,

Joseph Velasques
