MEASURE

HOW TO TAKE YOUR MEASUREMENTS

A-CHEST

With arms relaxed at your sides, measure the fullest part of your bust.

B-WAIST

Loosely measure where your trousers would normally ride.

C-HIP

Stand with your heels together, and measure around the fullest part of your hips.

D-INSEAM

Select a pair of your best-fitting pants of a similar material. Measure from the crotch to the bottom. The number of inches, to the nearest half-inch, is the inseam.

LENGTH

We recommend PETITE for women up to 5'2", REGULAR length up to 5'6", and TALL length for 5'7" and above.
