JM-CT1-10

Midget Diagonal Pliers

- CR-V jaw with heat-treatment.
- Easier to cut off the cables with sharp edges.
- Common used in electronic maintaining DIY model production and other manufacturing operation

MODEL	SIZE	CARTON SIZE(cm)	CARTON QUANTITY	G.W
CT1-10	4.5"	40.5*31.5*31.5	120PCS	16.5KG

JM-CT2-2

American Style Plastic Cutter Pliers 5 Inch Diagonal Pliers

- Handle material : Dipped PVC
- Jaw material : 45# Carbon Steel
- Specially designed to cut delicate electronic components like circuit boards and very fine wires such as copper, brass, iron, aluminium and steel wire.

MODEL	SIZE	CARTON SIZE(cm)	CARTON QUANTITY	G.W
CT2-2	5"	40.5*31.5*31.5	200PCS	19.8KG

JM-CT4-3

Network 4P 6P 8P Crimping Plier

Specifications:

- Processed materials of cold rolling plate and anti-rust technology make the edge works perfectly.
- Improvement of peeling wires, faster and easier.
- Anti-slippery with PP plastic material

Accessories:

- Punch Down Tool
- Different type insertion tool - perfect for non-installers who only need to make a handful of terminations

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-CT4-3	61.5*28.7*29	40PCS	16 KG

JM CT2-1

American Style Plastic Cutter Pliers 5 Inch Long Nose Pliers

- Handle material : Dipped PVC
- Jaw material : 45# Carbon Steel
- Perfect for making precise bends in wire and squeeze easily into tight spaces to grip and manipulate wires

CT2-1	5"	40.5*31.5*31.5	200PCS	19.8KG

JM-CT4-1

Network Phone 6P 8P Wire Crimping Tool Specifications:

- Plastic coated metal handle, precision blades for clean cuts on wires.
- It is suitable for cutting the RJ45 network wire and RJ11 telephone wire.
- Comes with a wire stripper, it is perfect for you to strip the wire.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-CT4-1	59*29*27	50PCS	16.5KG

JM-CT4-12

7" Wire Stripper

Range of Application:

- Wires collective box
- Automotive circuit
- Computer wires
- Wires of Radio and Fax machines
- Home appliance wires
- DIY wires and others

Features:

- Standard Specs, Form-ground, knife-type blades for accuracy, easy stripping with out nicking insulation
- Built-in wire cutter and looping holes
- Convenient plier nose and sharp edge for pulling out the wire easily without damaging the wire cores
- Spring-loaded automatic opening
- Sharp serrated edges in a plier style for wire pulls and loops

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-CT4-12	43.5*26*39	120PCS	16KG

JM-P01 P02 74pcs Professional Electronic Repair Toolkit

Specifications:

- 58IN1 Screwdriver set
- 3PCS Metal Spudgers
- 1PC Anti-Static Spudger
- 1PC 6 inch ruler
- 1PC Anti-Static Wrist Strap
- 1PC Opener pick
- 3PCS Stainless Steel Tweezers
- 1PC Metal grabber
- 4PCS Stick openers
- 1PC LCD screen powerful suction cup

Features:

- Common used in precision work in electronics repairing.
- Precision screwdriver set fit for various of electronic products in the market.
- Anti-static set series provide against static electricity effectively during operation
- Pro crowbar set is suited prying cases or shell of electronic products
- Metal grabber for holding tight to small components.
- Precision tweezers set common used in different electronic components.
- 600D waterproof oxford tool roll bag

JM-P03 23pcs Primary D.I.Y Welding Tool Set

Specifications:

- 30W Electric Soldering Iron
- Soldering iron stand
- 2PCS Precision Screwdrivers
- 6PCS Welding tools
- Aluminum Alloy Solder Sucker
- Soldering tin pen
- Soldering bit cleaning sponge
- Soldering paste
- Long tip tweezer
- Curved tip tweezer

Features:

- Diversities of useful accessories , convenient D.I.Y set of all kind.
- Simple soldering iron stand.
- Cleaning sponge for soldering iron tip , easy to clean when dipping the water.
- 6 different types of solder assist tools.
- De-soldering pump, 200mm length; With strong power for speedy de-soldering and cleaning at the same time.
- Simple package solder wires, easier to fuse with less smoke and stimulation.

JM-Z01	37*28.5*32.5	100PCS	20KG

JM-Z13 4 in 1 Smart Phone Repair Holder

Specifications:

- Length:135mm
- Slotted 2.0
- Phillips 1.5
- Pentable (Star) : 0.8

Features:

- High quality steel makes it durable. Paint spraying make it good rust resistance.
- Application: Disassembling and prying.
- This product is a patent product.
- Closed holder's usage as the mobile phone adjusted PCB holder.
- Open the holder and then adjust the angle with the side spiral according to your repairing needs.
- Maximum size is for 5.5 inches cell phones and push the buckles up and down to fixing the disassembled cell phone.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-Z13	67.5*43*33	40PCS	13.7KG

JM-Z15 Pcb Stand Series

Features:

- Use three removable card mouths and choose the best position.
- Adjust up and down card mouth to get the best width and strength, fixing with self tapping screw screws.
- When arrange the circuit board, you should put one side to the card mouth which has the spring, pushing back the another side into the active area, fixing the screw and getting to work.

JM-OP07 3pcs Metal Spudger Set

Specifications:

- More durable and unbreakable with special alloy steel material.
- Easy-grip handles of the right length for comfort and leverage.
- More efficient to apply on soft scratching the gules off the covers.
- Multi-type head designs for different appliances.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-OP07	52.5*48.5*28	200PCS	8.5KG

JM-OP09 Glue-Melten Bag

Features:

- Apply on mainstream tablets, wide screen mobiles and some other electronic products with glues.
- Re-heatable

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-OP09	49*32*54	120PCS	23.6KG

JM-OP11 10pcs Anti-static Fiber Opening Tools

Features:

- The color of Anti-static fiber material which is original creation can protect static electricity on electronic components in effect.
- Ultrathin tilt angle makes it easier to insert tiny cracks of the shell.
- The products after the high pressure injection molding can be sturdy and durable.
- Ergonomic design makes the grip more comfortable.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-OP11	40.5*26*38	100PCS	7.6KG

JM-OP06 Roller Opening Tool

Specifications:

- Common used in laptops, mobiles and tablets disassembling.
- Special rolling-wheel design for better use in opening.
- The end of the tool with anti-slip design make it easier for disassembling.
- Precision processing technology on the metal part for better protection on the product itself.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-OP06	42.5*36.5*36	200PCS	10.1KG

JM-OP08 Steel Opening Tool

Specifications:

- Newly imported memory material, repeated deformations.
- Slim design for disassembling mobile phones, tablet computers, electronic equipment enclosure removal or taking apart the batteries with glue.
- Stickers can effectively prevent slipping from cutting hands with the sharp metal during operation.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-OP08	31.5*17.3*28	200PCS	3.8KG

JM-OP10 LCD Screen Opening Pliers

JM-OP10 Specifications:

- Owned patented product.
- Ergonomically designed handle with slip-resistant textured grip for comfortable hold.
- Extra large suction cup with the multi-angle design, can easily and safely open over 4.7 inches of phones and tablets. Original pulling screw-thread design, suction power is up to 60% when comparing with others.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-OP10	50.5*36.5*42	46PCS	9KG

JM-OP12 Dual Heads Flexible Opening Tool

Features:

- Patented Design, make of ingenious memory metal with good flexibility and resilience to protect electronic products from impactive damage.
- Protective cover for the security when you're not using it.
- According to the part of Spatial mechanical characteristics design, it can works speedy even in the most difficult reaching place.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-OP12	42.5*36.5*36	200PCS	10.8KG

JM-OP13 ESD Spudger

Features:

- Unique alloy steel products with high strength never break with frequent use.
- Super-long durable working part makes your manipulation more easy.
- Anti-static coating on crowbar can be used in removing the motherboards and ribbon wire.
- Also can be used in electronic products opening.
- Unique double heads design with multi-usage in various work environments.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-OP13	25*18.5*6.1	100PCS	2.5KG

JM-OP15 13 in 1 Disassembly Tool Set

Features:

- Made of imported POM anti-static orange fiber material with great tenacity and hardness.
- Rolling opening tool (JM-OP06) and High tenacity metal opening tool (JM-OP12) can help you to finish the disassembly work quickly.
- High impact plastic and ultra-thin oblique angle design can be inserted small cracks easily.
- 0.5mm ultrathin flexible triangle opening tool.

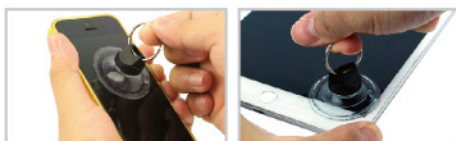

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-OP15	54.5X31.5X26.5	120PCS	-

JM-SK04 3pcs Powerful LCD Openers

Features:

- Made with environmental PVC material. Fine seal-ability, oil proof, anti-corrosion and nondeformable.
- Metal screw-thread axis with a ABS plastic handle. Pull and suction capacity has been improved to 60%.
- Suitable for disassembling screens off mobiles and tablets.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-SK04	46.5*23.5*36	100PCS	5.6KG

JM-S81 7pcs Samsung Products Opener

Specifications:

- 2pcs -- Plastic opening sticks
- 2pcs -- Plastic opening picks
- 2pcs -- Screwdrivers Phillips 1.5
- 1pcs -- Suction cup

Features:

- Precision screwdrivers for repairing Samsung.
- A simpler way to open a glue-laden device.

JM-TP01 Magnetic Holder

Features:

- Standard length magnetized bit holder for screwdriver bits.
- 1/4 Inch Magnetic bit holder for use in power drills and driver handles.
- Hardened core for extra strength and durability.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-TP01	31.5*21*28	200PCS	6.1KG

JM-TP03 10pcs Double-Head Bits Set

Specifications:

- PZ2*65mm

Features:

- Surface treatment: sand blasting
- Use scope: electric screwdriver, pneumatic screwdriver. Suitable for assembly and use of furniture factory, automobile workshop, etc..

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-TP03	34*10.8*17.3	120PCS	12KG

JM-X1 Magnetizer Demagnetizer

Keep every screw safe

Features:

- Magnetize your screwdrivers to allow them to grab small screws.
- Demagnetize your screwdrivers to safely work on sensitive electronics.
- Alternate magnetizations as many times as you want.
- To magnetize your screwdriver, insert the end of the tip into the "Magnetize" hole.
- To demagnetize your screwdriver, repeatedly pull the entire length of the screwdriver through the "Demagnetize" hole.

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-X1	39*16*36	100PCS	10.2KG

JM-HK2-1 9pcs Hex Key Set

Specifications:

- Material: CR-V
- Surface: Galvanized
- Size: 1.5mm, 2mm, 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm, 10mm

Features:

- Ball-point hexagon design, support working in the maximum tilt angle of 25 degree.
- Induction hardening, powerful torque and German DIN standard

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-HK2	55*35*27	72PCS	30KG

JM-TP02 10pcs Double-Head Bits Set

Specifications:

- PH2*65mm

Features:

- Surface treatment: sand blasting
- Use scope: electric screwdriver, pneumatic screwdriver. Suitable for assembly and use of furniture factory, automobile workshop, etc..

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-TP02	34*10.8*17.3	120PCS	12KG

JM-9205A Digital Multimeter

Features:

- 3 1/2 digits Large LCD display(18mm) /Digital Multimeter
- Engineering unit annunciators
- Low battery indication
- Audible continuity
- Diode Transistor Capacitance Resistance Test
- DC/AC voltage & current measurement
- Single 32 positions rotary switch for function and range selection
- Automatic polarity indication on DC voltage ranges
- Overload protection

MODEL	CARTON SIZE(cm)	CARTON QUANTITY	G.W
JM-9205A	50*29.5*44	40PCS	17.5KG

JM-X2 JM-X3 Magnetizer Demagnetizer

Keep every screw safe

Features:

- Magnetize your screwdrivers to allow them to grab small screws.
- Demagnetize your screwdrivers to safely work on sensitive electronics.
- Alternate magnetizations as many times as you want.
- To magnetize your screwdriver, insert the end of the tip into the "Magnetize" hole.
- To demagnetize your screwdriver, repeatedly pull the entire length of the screwdriver through the "Demagnetize" hole.

JM-X3	62.5*31*31	60PCS	21KG

JM-X4

Magnetizer Demagnetizer
Keep every screw safe

Features:

- Components adsorption bracelet JM-X4
- Convenient and flexible design
- Good looking and easy to use
- Suitable for different people's hand
- It can magnetize the bits and adsorbing the little components during repairing

JM-X5

Magnetic Wristbands

Features:

- For Holding Screws, Nails, Drill Bits
- Made of 420D oxford fabric
- Perfect for home improvement, construction, carpentry, auto repair,
- Velcro design fits all the size of wrist. Dir
- Adjustable magnetic wrist band for ever,
