

Where is Howie's Owie?™

Howie has an owie—but where? To find out, children identify the placement of Howie's bandages in this fun, interactive game of body awareness. Children will have a great time learning to locate body parts—an important life skill presented in an inviting, relatable format.

Contents:

- Double-sided, write-and-wipe easel (19" H x 13" W x 11" D); magnetic on one side
- 20 Magnetic bandages (punch out before use)

WARNING:

CHOKING HAZARD—Small parts. Not for children under 3 years.

MAGNETS—This product contains small magnets. Swallowed magnets can stick together across intestines causing serious infections and death. Seek immediate medical attention if magnets are swallowed or inhaled.

Before beginning game play, familiarize children with the following body parts:

head	forehead	eye
eyebrow	nose	mouth
cheek	ear	chin
neck	shoulder	elbow
wrist	forearm	arm
thumb	hand	finger
knuckle	chest	stomach/belly
waist	hip	thigh
knee	calf	belly button/navel
shin	ankle	heel
sole	big toe	toes
foot		

Find Howie's Owie

Using a red dry-erase marker, draw an owie on Howie in the shape of an *x* or a small spot. Make sure to cover the spot completely with a bandage. Cover any other body parts that you wish children to name.

Call on a child to name a body part covered by one of the bandages. If the child answers correctly, he or she can remove the bandage. Continue calling on children until someone finds Howie's owie.

Guess the Owie

Draw owies on many different parts of Howie. Pass out bandages to all children. Call out a body part and have a child cover that area with a bandage. Encourage children to help each other find the right spot using hints such as *cold* and *warm*.

Chronicles of Owie

Point to Howie's knee and ask students, "Have you ever hurt your knee?" Call on a volunteer to place a bandage on Howie's knee. Allow the child to share the story of his or her owie. Point to Howie's elbow, finger or wrist and continue sharing stories.

For extended learning opportunities, on the reverse side of the board, write body parts on the blank lines with a dry-erase marker. Connect the lines to Howie for an instant diagram!

Care Instructions

Write on the board with a dry- or wet-erase marker for multiple uses. Test your marker on a corner of the board to make sure marks erase. Erase wet-erase marks with a damp cloth. Do not saturate the board. Too much water will damage the product. Do not bend the magnets as this will decrease their magnetism.
