My Favourite Collection of Animal Stories

"We do not know his power and strength," they cried. "It is better that we keep a distance from him," they discussed amongst themselves. The blue jackal saw the animals fleeing and called out to them. "Why are you running away like that?" he asked. "There is nothing to fear! Since there is no ruler in the forest, God has sent me as your king. You shall now live safely under the protection of my powerful paws," he told them.
